Personal and Otherwise.

Personal and Otherwise.

The two Pythian lodges of this city will jointly meet on the evening of June 26, Eureka as the guest of Naomi. A fine program is being arranged for the occasion. The grand channellor and staff, from Richmond, will be present. State Chairman Jesse Newcomb, of the Roosevelt wing of the Republican party, this morning received a private telegram from Dr. J. B. Halligan, the party's representative in Chicago, to the effect that "five delegates from Mississippi and five from Georgia had just flopped from Taft to Roosevelt and that it was believed that Taft's name would not be presented to the convention."

Epidemic of Hydrophobia.

(Special to The Times-Dispatch.)

Wimington, N. C., June 17.—An epidemic of hydrophobia has broken out among the canines of Wilmington, and as the result a number of people have been bitten. The heads of the dogs all showed they were suffering from rables, and the victims have been given the Pasteur treatment. A little son of Rev. E. C. Sell, pastor of Trinity Methodist Church here, was one of the latest victims.

An intimate friend tells me the senorita regularly uses on her face what drusgists know as mercolined wan. This is applied at night in the manner cold cream is used and washed off in the morning. It absorbs the dead particles of skin which daily appear, and a fair, soft fresh, girlish complexion is always in evidence.

Gardener Residing on Williamsburg Road Talks Frankly On Interesting Subject

The most interesting facts in connection with the introduction of the remarkable new tonic, "Tona Vita," in Richmond are contained in the statements of those who have given the tonic a trial. Among such statements is the following by Mr. Peter Wyson Aley, a well-known gardener residing on Williamsburg Road, about three miles from Richmond. He said:

Among such statements is the following by Mr. Peter Wyson Aley, a well-known gardener residing on Williamsburg Road, about three miles from Richmond. He said:

"For about eighteen months I had been all run down and lacked energy necessary for the performance of my daily work. I suffered greatly from stomach trouble. Gas would form after eating, and I would suffer great discomfort from this and a dull, heavy feeling in stomach and bowels. I was nervous, excitable and irritable. I decided to try 'Tona Vita,' and after the use of two bottles consider myself a well man. I recommend it to any one suffering from trouble similar to mine."

One of the specialists who are explaining the nature of the new tonic to the public at the Polk Miller Drug Company, No. 834 East Main Street, between the hours of 9 A. M. and 8 P. M., in speaking of Mr. Aley's statement, said: "Few of the public fully realize as yet what a wonderful medicine 'Tona Vita' is. In Europe a similar preparation has been indorsed by some of the greatest personages, including the surgeon-general of the French army, but the tonic is new to the United States. However, the thousands of half-sick men and women who are victims of nervous debility, and the general ill health that this disease produces, will soon realize what a blessing the tonic is.

Chief among the symptoms of nervous debility are lack of energy, stomach and bowel troubles, nervousness, depression of spirits, sleeplessness, little vitality, headaches, dull pain in the back, poor circulation, cold feet, dizzy spells, spots before the eyes and uneasy sleep. To any individual suffering from these symptoms 'Tona Vita' is a positive relief. "Comparatively few realize what a tremendous number of people among those who live in the larger cities like Richmond are afflicted with nervous debility in a more or less aggravated form. Nor does the public recognize the symptoms of this disease when they see them. 'Tona Vita' will repair all organic weaknesses and build up and restore the body to a healthy, no
